Communication and knowledge translation in research on ageing and health, 3 ECTS

The Swedish National Graduate School for Competitive Science on Ageing and Health (SWEAH) invites PhD students affiliated with SWEAH to apply for the course Communication and knowledge translation in research on ageing and health, 3 ECTS. The course will be held in English and implemented as a distance learning course using the online learning platform Moodle. The course starts online *17 September and last day of the course is 7 December, 2018.*

With participants' dissertation work as a point of origin, the aim of the course is to offer opportunities to practice communication and knowledge translation to different target groups within the interdisciplinary area of ageing and health. Advantages of different communication methods are reflected upon in groups. Participants prepare and discuss different presentations during the course, give and receive feedback from fellow course participants and scientific communication officer. Goal fulfilments followed by reflections are documented in a portfolio in Moodle.
